PRICING MANUAL

Foursun Electricals

About us: **FOURSUN BY BHAGYA** cables Industries was established in the year 1972 at Vijayawada with a definite purpose, vision backed by power full passion to make a mark. It is to create state of art electrical products that brings significant change to the end user. **Foursun** started a journey by manufacturing and marketing electrical cables and within a short span of time as such, witnessed excellent growth through our team of technical expertise. **Foursun** has a wide presence with an exclusive cliental base and retail network spreading across the country.

Foursun manufactures the various types of unique quality wire and cables such as home wire, industrial cables and communications cables. Apart from these, we produce switches and other electrical accessories including home automations so as to fit aptly for modern spaces. We also have varied of domestic lights and switch gears.

Our manufacturing units at various location such Delhi, Mumbai, Noida, Vasai are ultra modern and that makes use of latest cutting edge technology to meet the expectation of the much growing Indian electrical market.

Our Head office located in DELHI FOR NORTH INDIA AND VIJAYAWADA FOR SOUTH INDIA

Our Vision

To be globally recognized organization for excellence, market presence, reputation and benefit of every costumer by providing excellent customer service thereby gaining trust, relationship, and satisfaction. Providing work friendly environment to our employers for their well be ing.

Mission

To achieve vision through authentic and ethical outreach, technical expertise and sound rapport with all our customers, partners and employers, and to adhere to deliver the best as promised to our customers.

Infra & R and D

Having its head quarters in New delhi and branch office in Vijayawada. tha company manufacturing units are in delhi Mumbai, Ahmadabad and silavasa.

Above manufacturing units are well equipped with present day, high-end ultramodern machinery, with testing and quality occurrence facility.

Having very strong and research and design team we believe in innovating our product range and be abreast with latest and trending design so as to have a power full and meaning full presence, therefore

we have very potential R & D department to be in line with the industry standards and modernize our products. Upgrading our self through market research and design with new technology has been our forte.

Quality Standards

At **foursun** we attend quality test results by strictly following requirement of costumers needs, supplying innovative and value added products and services. we comply with BIS 694,:2010,ISO 14001: 2440, ISO 9001: 2008 ISO 9001:2015 ISO 14001: 2015 ISO 45001 : 2018 and safety marks requirements, OHSHS 18001: 2007, IEC 60227-3, 1993+a1: 1997and CE(European certificate)

Our Network

Foursun has its presence of dealers spanning over the country, the company has captured almost every state and region, focus mainly on metropolitan cities namely Delhi, Mumbai and chenai where the company has established unique branding and recognition

Marketing & Branding

Our strong branding has got us a firm grip on expanding our products gigantically.

Advertisement and packing has been always our strong Hold and niche.

Foursun uses unique distribution sales strategy that uses multiple channels and high volumes sales to reach as many potential customers as possible. We hold a very strong marketing team all over the country doing it in our own productive and extensive marketing strategy .our main asset is our cliental base which we meticulously and honorably handle, there by the get regularly updated about our new products through seminar and factory visits.

ELECTRICAL ACCESSORIES

Each electrical accessory is developed with best technology and quality materials and every product is durable and safe. The adaptors are equipped with built-in surge protector that keeps your appliances safe from spikes in the flow of different voltage or frequency. The spike guards have safety shutters providing security while traveling with children. Designed in accordance with the International Standards.
